

I have been listening to K-LOVE for several years now. It has helped me on a personal level to stay uplifted and positive through all of the negative in this world. K-LOVE is the only station that I play on my radio while driving in my vehicle. It is very important for me to have my children listen to positive, encouraging music. My family needs K-LOVE to keep broadcasting.

My community needs K-LOVE. I have talked with a lot of people in this community who rely on K-LOVE through the week for the same reasons I do. It is important to have something positive in this negative world. If we lose K-LOVE, so some Low Power FM can broadcast, we will lose this positive, uplifting area of our days.

My community has about 2,000 people in it. A big percentage of us depend on K-LOVE for our outlet. We do not want to lose this station. We support K-LOVE through our donations. Please do not take this away from us as we need our children today to hear positive, encouraging, uplifting words. This has been taken from them so many places. Please leave it on our radio stations.

Thank you,

Brenda Martin
